QUALIFYING REQUIREMENT

Name of Work: "Construction of Starter Dyke-D (Lagoon-I & II) at NSPCL-Rourkela".

1. Technical Criteria	
1.1	<p>The Bidder should have executed the following work(s) within the preceding seven (7) years reckoned as on date of bid opening.</p> <p>(i) At least one (01) earthen dam or ash dyke work or reservoir embankment work of maximum height not less than 5.5 m, in one contract.</p> <p style="text-align: center;">And</p> <p>(ii) A Cumulative progress of at least 7.5 Lakh Cu.M. of earth work in earthen dam work or ash dyke work or reservoir embankment or canal embankment work in any one (1) year period, in one (1) or maximum two (2) contracts.</p>
Note	<p>The following notes (a to l) explain in detail the intension of various terms in eligibility criteria for category I & II above:</p> <p>a) Earth dams, ash dykes and reservoir embankments, which are designated as water retaining structures, shall be qualified for this work. However canal embankments, guide bunds along water course shall be considered for qualification under Clause 1.1 (ii) only. All other types of earth works such as road embankments, railway embankments, site levelling works etc. shall not be qualified.</p> <p>b) Sand / substitute filter media as filter either in chimney or in blanket or both; used in embankments shall be considered in earth work quantity calculations. Rock Toe shall not be considered.</p> <p>c) For embankments/ reservoir / dyke, the height and quantities shall be considered above formation level up to dyke top for eligibility criteria requirement purpose. However, in case of ash dyke raising works for both inward/upstream and outward/center line methods, the height of dyke shall be considered from the stripped level of ash inside the lagoon for eligibility criteria.</p> <p>"Formation level" means bottom of stripped level for the dyke formation. The earth work in Cut Off Trench (COT) shall be included for quantity estimation for eligibility criterion under clause 1.1 (ii). However, the depth of COT shall not be considered for the height calculation for eligibility criterion under clause 1.1 (i).</p> <p>d) Wherever the ash dykes and other embankments are constructed in different contracts, the height applicable to individual contract only and not the cumulative effect shall be considered for the purpose of determining compliance of Clause 1.1 (i). For example, where the contract is for raising an embankment, only the raising portion shall be considered and not the earlier starter dyke.</p> <p>e) In clause 1.1 above, the word executed means the applicant should have achieved the criterion specified in the eligibility criteria requirements within preceding Seven (07) year period even if the contract has been started earlier and / or is not completed / closed.</p> <p>f) In clause 1.1 (i) above, applicant should have constructed full height of embankments work specified in the eligibility criteria, within the preceding Seven (07) year period, even if the contract has been started earlier and/or is not completed /closed.</p> <p>g) The "one (1) year period" means any continuous 12 month period, however for concurrent works the same 12 month period shall be considered.</p>

- h) In case of works stipulated in 1.1 (ii) above, the word “earth work”, shall mean earth/ash. The quantity of earth work in filling only will be considered for qualification.
- i) Reference works executed by the applicant, as a member of joint Venture / Consortium / Associate can also be considered provided: The allocation of scope of work between the partners of the joint Ventures / consortium / Associate is clearly defined in the executed joint venture agreement / consortium agreement / deed of joint undertaking and the applicant's scope of work and break-up of quantities executed by them as individual contribution in the joint Venture / Consortium / Associate, duly authenticated by the Project Authority, meet the relevant provisions of eligibility criteria.
- In case the reference work has been executed by the applicant in an integrated joint venture wherein allocation of scope of work and break-up of quantities between the partners is not clearly specified in the integrated joint venture Agreement, then for clause 1.1 (ii). above, the credit of executed quantities can be claimed by the applicant in the ratio of bidder's share in the integrated joint Venture Agreement, provided the bidder establishes that it regularly undertakes works as at clause 1.1 (ii) above. The executed works/ quantities by the integrated joint venture shall be duly authenticated by the Project Authority. However, the applicant will not be eligible to claim the credit of executed work by integrated Joint Venture for clause 1.1 (i) above, unless the applicant has individually executed the work meeting the requirement of Clause 1.1 (i) above and which has been duly authenticated by the Project Authority.
- j) Reference work executed by an applicant as a sub-contractor may also be considered provided the certificate issued by main contractor is duly certified by Project Authority specifying the scope of work executed by the subcontractor in support of eligibility criteria.
- k) Similar work means: - Earthen dam work, ash dyke work or reservoir embankment work (canal embankment work also will be considered for earth work under quantity criteria).
- l) All the inward / upstream raising works will be considered under Category-I of enlistment. Rest all other works including Outward / Center line / buttressing works / Peripheral filling works / Starter Dyke works etc., will be considered under Category-II. Applicants enlisted under Category-II will automatically get enlisted for Category-I works.
